

For the month of April, The Activities Department is abiding by Iowa Health Care Association guidelines and solely focusing on one-on-one activity and in-room visits. There for, we will not be displaying an activity calendar, as all group activities are to be temporarily suspended until April 30th, 2020.

Certain group events will now be room by room events, which will be announced ahead of time and posted on the dining room bulletin board & close to the nurse's station for residents and staff to see.

You may also stay up to date by liking the Manilla Manor Facebook page.

If anyone has certain activities or requests in mind, please let Lindsey or Sharon with the Activities Department know at any time. Be safe and stay strong!

-Lindsey Bornhoft
Activities Director
& Social Services Coordinator
